

CURRICULUM OVERVIEW

ENGLISH: Students engage with a range of texts that involve familiar themes related to starting school, belonging, family, friendship and getting along. Students explore characters, settings and events, and language and visual features. They make connections to personal experiences, reflecting on experiences that are similar or different to their own.

MATHEMATICS: Students will focus on make connections between number names, numeral and quantities. Student will develop a sense of sameness, difference and change when engaging in play-based activities describing position and location

SCIENCE: This term, students use their senses to explore and observe the weather in their local environment and learn that we can record our observations using symbols. Students observe that weather can change and identify the features that reflect a change in the weather. Students also learn about the impact of daily and seasonal changes on plants and animals.

DRAMA: Students will explore and perform a role in a short dramatic play. They will describe what happens in the drama.

TECHNOLOGY: Introduced and embedded across all Key Learning Areas

SPECIALISTS

MUSIC: "Counting the Beat"
Prep students will discover beat by exploring songs, rhymes and games that involve numbers, counting and taking turns. They will use their speaking and singing voices.

HEALTH AND PHYSICAL EDUCATION: In Movement, students will explore how to move and play safely during physical activity. They will develop the fundamental movement skills of running, jumping, hopping and galloping.
In Health, students will explore information about what makes them unique. They will identify actions that keep them safe in different settings. Students will identify different emotions people experience in different situations.
