CURRICULUM OVERVIEW

ENGLISH: In this unit students will read, view, comprehend, write and create imaginative texts.

MATHEMATICS: Students will find unknown numbers, create algorithms and identify number patterns. Students will order the likelihood of events and conduct chance experiments with probability.

SCIENCE: In this unit students will investigate and demonstrate the direction of forces and the effect of contact and non-contact forces on objects.

HASS: Students will explore diversity of different groups and consider how this shapes their personal identity.

The Arts: Students will focus on Media Arts. They will create representations of the world and tell stories through a range of apps.

SPECIALISTS

MUSIC: "Rad Recorders"

Year 4 students will continue to compose, perform and respond to music through recorder playing and singing. They will explore how musical elements of known songs can be reorganised to create new music.

LANGUAGES: Through a story study, students will learn some basic comments and responses used in simple conversation.

STEM: Digital Technologies

Students will make a 'Living or non-living' classification quiz game using a visual programming language called Scratch. They will plan their quiz game in an unplugged format and then use this to follow the problem-solving process. Students will design and create a digital solution using algorithms that involve decision making and user input. They will investigate a range of peripheral devices and describe how they can be used for different purposes.

HEALTH AND PHYSICAL EDUCATION: In physical education, students will create and perform movement sequences using fundamental movement skills and the elements of movement.

In Health, students will continue to reflect on young people's use of digital technologies and online communities, and identify resources available locally to support their safety.
