

CURRICULUM OVERVIEW

ENGLISH: Exploring narrative through novels and film—Students will read novels and view their film adaptations. They will create a written comparison of a novel and film adaptation.

MATHEMATICS: Students will learn about chance and probability outcomes, converting 12-hour to 24-hour time and identifying factors and multiples.

SCIENCE: Matter matters—Students will learn about the different properties of solids, liquids and gases. They will devise an investigation looking at evaporation.

HASS: Participating in Australian communities—Students will be learning about democracy, and how elections work.

The ARTS: Students have explored artists' use of animal representations and relationship to the environment as inspiration for their sculptural artwork. They are using clay to make an model of an animal exemplifies their inner self in relation to their environment.

SPECIALISTS

MUSIC: Revision of all known rhythmic elements; Reading and writing notes on the treble staff; Expressive elements and form; Singing; Responding to music of different styles and cultures.

Drama - Using the voice, movement, gesture and the body to represent a character, situation or idea; Dramatic play; Exploring drama from different cultural contexts i.e. Aboriginal and Torres Strait Islander stories.

HEALTH AND PHYSICAL EDUCATION: Students will perform passing, kicking and catching skills in game situations. They will propose and combine movement concepts and offensive and defensive strategies to achieve outcomes in 'All codes' football. In health, students will continue to gain an understanding of multiculturalism by examining the changing nature of Australia's cultural identity through exploring the influence of people and places.
