Dear Parents/Caregivers

Student Resource Scheme (SRS) 2024

This letter includes important information about the SRS fees and inclusions for the 2024 SRS. If you have previously completed an SRS form, it will be assumed that for the remainder of your child's enrolment at Gilston State School you will continue to participate in the scheme and therefore no need to ever fill out another participation form. If you are a new parent to the school, this information will assist you in making a decision as to whether you wish to participate in the SRS. In future years, parents may opt out of the scheme by completing a new form.

What is provided by the Queensland Government?

The Queensland Government supports children's education by providing funding for instruction, facilities, and administration. Funding for schools does not extend to individual student resources. The SRS helps parents to source these resources at lower rates due to its bulk buying power. Participating in the SRS also offers a convenient way for parents to source the items that their child needs for school, and ensures that all students have access to the same standard of resources.

The 2024 SRS fee includes student resources, text books, IT subscriptions, classroom photocopying for teacher prepared worksheets, art and craft materials, consumables for Science.
